- Gender and Cultural studies
- Language and modernity
- Cinema
- Folk Religious cults

Brief Summary of Research

Sujatha's doctoral thesis is an interdisciplinary research situated broadly within the area of culture and gender studies. It has attempted to study the gendered linguistic subjectivity construction in South Asia taking the political and literary discourses of 1930s-60s, particularly of C.N. Annadurai. She has published 5 research papers and book chapters in refereed international journals and publications.
